# Provider Newsletter

## Thank You

**P**roCare Health Plan would like to extend many thanks to everyone in our Provider Network for your support this past year and during 2009 Medicaid Open Enrollment. All changes will be effective this July 1, 2009.

## Give Us Your Opinion

You will receive a Provider survey in July.

Your opinion is extremely important to us.

As part of our continuing efforts to monitor and improve relationships with physicians in our provider network, we will conduct a satisfaction survey in July 2009. We encourage your participation and response by completing the survey. You will receive a token of our appreciation for your time.

Over the years, we have worked with physicians to develop key initiatives aimed at improving patient care and simplifying administrative oversight. Your feedback thru this survey will help assess our progress and identify opportunities for improvement.

All of the information you provide will be held in strict confidence. Your responses will be analyzed in conjunction with those from other physician participants. We look forward to learning your opinions and suggestions for improving our performance.

## Incentive Program

**O**ne way to improve the quality of care for members is to increase their rate of routine health screening. ProCare Health Plan offers members incentives in the form of gift cards to encourage healthy behavior.

ProCare has designed a variety of incentive programs based on HEDIS measures. The focus of our incentive programs is to encourage members to have needed tests and exams.

We look to you, our providers to educate members regarding the importance of these exams.

Please contact Provider services at 313-925-1668 for additional information.
